Friends: for 25 Years I have grown and sold seeds. My Catalog is filled from cover to cover with high-grade, tested seeds, sent out under a positive guarantee to please you. My Catalog is small. No flash, lumberly pages for YOU to pay for. No extravagant prices to match the enormous expense of business done in the city. Do not forget this.

Please Remember I am not a big, city seedsman, whose business is all done by disinterested clerks, knowing nothing and caring nothing about gardening. I personally attend to your orders, and try honestly to serve you with the best that can be produced.

I thank You Friends one and all, for your liberal patronage and especially for your kind words. I only wish I deserved them more. I KNOW it is my earnest desire to prove myself worthy of your confidence. With many thanks and best wishes,

A. T. COOK.

To My Friends and Customers.

Dear Friends:—I am a Farmer’s Son and followed the plow for years. My ancestors were Quakers—all Farmers from time immemorial. I grew up on the farm—among Farmers and Gardeners in fertile Dutchess Co., and early indeed did I learn this truth, that HIGH GRADE, SELECTED seeds were ABSOLUTELY NECESSARY for FARMING SUCCESS. I have followed Seed-Growing and Seed-Selling for 25 years. It has been my sole life’s work and I think I know my business. I am proud to say I am NOT a “City Seedsman.”

I am stationed on the banks of the beautiful Hudson River—right among expert Farmers and Gardeners. I have the very best mailing facilities—seven mails each way every day.

Promptness is my motto. I aim to fill every order the same day received. I give you GOOD measure in GOOD seeds. I am positive I can give FAIR BETTER Premiums, better Discounts, and many more “Extras” than you would get elsewhere. There is a good reason for this, Your money does NOT go to pay for bulky, flashy catalogs, expensive city clerks, and costly advertising. I put the real value INSIDE my seed packets.

I PERSONALLY invite everyone to get up clubs. No one should overlook the opportunities I offer for making money. Remember I GIVE my customers what others PAY for advertising.

DEAR FRIENDS. I thank you one and all for your orders, for the clubs you have sent, and most of all for your kind words. I am glad to know I have made some homes brighter, and some hearts glad. My business shows in the tremendous increase—that my neighbors and my earnest efforts to please, have both been a success, and are fully appreciated by those who KNOW what good seeds are.

Your Friend, A. T. Cook.

Special to All. In response to many requests, I insert my portrait in my catalog. I wish to say I will be much pleased to receive Photos of any of my customers—or of their homes, scenery, etc.—when they send in their orders. I carefully preserve all, and treasure them highly. I will add VERY LIBERALLY of seeds, of those thus forwarding me, and will remember them further at some future time. Be sure and write your name and address on back of all Photos. Thanking you in advance, and with best wishes.

Yours Kindly, A. T. COOK.

IMPORTANT TO YOU. READ EVERY WORD CAREFULLY.

REDUCED PRICES. Never before have I had so large and fine a stock of Choice Seeds for my select trade. My liberal discounts, and splendid Premiums are not approached by any other seedsmen. Please tell your friends, and you will do me a great favor.

I DELIVER FREE to your Postoffice, Everything offered in this Catalog. Remember this.

WHAT I INTEND TO DO. 1st, Furnish the best home-grown, tested seeds at a reasonable price. 2nd, Furnish large-size, well-filled packets, and Add many free Novelties and Extras to ALL orders. 3rd, I give you a liberal Discount or Premium on EVERYTHING ordered. 4th, Fill all orders same day received, pack securely, and send EVERYTHING prepaid.

I GUARANTEE everything sent out by me to reach you in good condition, and will replace any that may be lost or injured on the way. I guarantee absolute satisfaction in all I offer, so far that, should any not be present—I will cheerfully refund order for same gratis—thus I warrant everything but the crop, and by this saving guarantee make the purchase of my seeds by mail the safest investment possible.

TERMS. Remittances must accompany all orders. I keep no accounts. I send no seeds on commission.

REMIT the most convenient way—Postoffice Order, Bank Draft, or Registered Letter. I will take the risk by either of these good methods; letters very seldom get lost. You may select extra packets to pay cost of order or register. Postage-stamps taken when not convenient to remit otherwise. I prefer 8, and 10c. stamps.

ORDER EARLY. Please send in your orders early as possible—before the rush. This is important. It is to both your interest and mine.

PLEASE HAND out all extra Catalogs and Circulars to friends needing seeds, and BE SURE and MENTION my name, and of course your own. I am situated in the heart of the best seed territory in the world, and get but one or two extras—none at all.

ON EVERYTHING. My Premiums or Discounts and Extras are on EVERYTHING offered. No other Seedsmen does this, and none give as liberal sized packets and Extras free with orders as I do. THIS is my way of advertising, and I know my friends who get the benefit will help me—as they always have.

SPECIAL NOTICE. If any of my customers have purchased seeds of mine that did not give satisfaction, will kindly mention it WHEN ORDERING this season, I will be glad to give them anything they wish of equal value. This is a standing offer. It is my sincere wish to do the best I can for my valued friends, and I am free to write if anything should have proved unreliable, for I will be only too glad to make it right.
Remittance Must accompany each and every order. Never sell on credit or commission, or C. O. D. Please don't ask it. It's an Old Fogy plan anyway. Never sell as a half good bargain as I do and do business such as you would like to have. If you have no money, get a friend to advance some of it. Be sure these orders till the seed is delivered. All my selected, high grade seeds are in large packages—never small. I am a specialist, and do not catalog the hundreds of worthless sorts. It does not pay to grow them. When premiums are wanted, full catalog price must be paid. No premiums are ever returned. My seeds are always fresh. This Catalog contains my BEST and ONLY terms. They were never equaled by any seedsman. All premiums, when premiums are wanted, full catalog price must be paid. No tobacco seed sold. I do not believe it right to grow tobacco, and do not make seed for it. Always have handsome packets, with full directions for planting. Novelties and extras, I give with the order, and with orders are all my own seeds. Club-raisers. Be sure and promise the extras to your customers, for it will double your sales. No order filled for less than quantity stated. No geraniums, young or old, but your own order and your parents—count same as any. If no premium is ordered (or discount taken) I always send worth one-third as reward on your orders. Important. Please write plainly with ink, and give name and address every time.

ORDERS FILLED PROMPTLY. Orders are filled promptly, but are sometimes delayed a few days in the mails. Don't be too much hastie to complain. Wait a little, and before you write ask your Pissing is ever back well for your mail. If your order is too large for the boxes, and may be laid on one side and overlooked. If necessary to write be sure and number your order, and write in what you want, and in what way you want it, so it can be traced.

LITTLE THINGS. Sign your name and address to every order. I have orders I cannot fill because I cannot get the seeds they want, and in many instances it may save mistakes. Don't eat up your catalog; they cost money. Give the extra one to your friend.

ALL CLUB ORDERS are sent direct to Agents. Put your order on the order form, and only ask mistakes. (Should you wish part mailed to distant Postoffice, write such orders, name, and address, on top of order, and of course will do better. In WHAT you remitted, so it can be traced, and your order must be in one box. Larger clubs may be sent in two orders if necessary—but be sure and say in the first order that you are working for a premium. A hint. Many Club Agents offer to take eggs, etc., in payment of orders, and they generally increase their orders. These are sold for cash at any grocery store. Try it.

MISTAKES. With all my care sometimes make mistakes, so do everyone. I earnestly des mo to correct every one here in this life—for I can never return to do it. If everything is not right please do me the kindness to point out the errors. If you can but write it away. You run no risks.

IMPORTANT TO ALL. Three packets for 25 cents may be ordered of any art, varieties—even when a premium or regular discount is taken. My Club Agents—be sure and mention this when taking orders.

TO CANADA CUSTOMERS. I have a host of Canadian customers who have found my extremely cheap, hardy varieties admirably suited to their short seasons—producing the most beautiful crops. Send everything by mail, fully prepaid, but do not pay duty which is sometimes charged on some of the goods. This, however, if you—will be very little. I always add free, enough Precious and Extras to this every several orders over to PREFER THE CANADA Money Order or Bills—but will accept Canada stamps.

ON EVERYTHING. My Premiums or Discounts are EVERYTHING to me. I have found no other seedman does this. No other Seedman gives as liberal premiums, or as big Discounts—or as large packets—or as many Novelties and Exclusives—MY WAY of advertising. IT'S MY BUSINESS, I KNOW MY FRIENDS who get the benefit WILL HELP ME—as they always have.
New Domestic Coffee Seed.

This makes a delicious, nourishing drink, to take the place of injurious coffee. It is a pure food drink that gives health and great strength to young and old. By adding it to your coffee, you have the healthful coffee without the disagreeable effects of the coffee of old Java. It has the rich, deep brown color, of old Java. Thousands pronounce it as good as the best store coffee. It is the poor man’s friend. It is the hardest, easiest raised and most productive coffee plant I ever saw. While growing it is a perfect sight to behold; fruits from the ground up, and on the limbs in every direction, the pods touching each other. See cut which does not exaggerate the wonderful productivity.

Thousands suffer untold hardship from strong coffee. Better grow the new kind at one-tenth the cost and save your health—and $10, to $20, every year. In about two crops can be raised in a season. It is as easily raised as corn and beans; is cultivated in the same way; does well on all soils.

You can raise your own coffee for one cent a pound. Don’t fail to plant a liberal amount. Ground and led into which coffee trees are planted furnish an abundance of the richest and yellowest butter ever seen. It makes a valuable and cheap poultry food—and is a remarkable egg producer.

A. L. Reeds, New coffee, and preferable to the real coffee, because I think it more healthful. They will grow and sell at a profit to you.

Miss Sarah Wilder, Geneese Co. Mich., writes:—The coffee is extra good—better than I can buy here. I enclose another order for seed, and watch with anxiety.

Mrs. Wells, Washington Co. writes:—It makes fine coffee. I raised 2 crops last summer. I will plant a good lot this year.

Margaret Clark, Noble Co. Ohio, writes:—It is the nearest the genuine coffee of anything I ever tried, and is an enormous yielder. I am more than satisfied. I have also been told by a visitor that he supposed they were drinking real coffee.

Dr. George L., Ohio, writes:—Your new coffee is a great success. I can truthfully say it is better than the best coffee ever sold at 60 or 75 cents, per lb. It is beyond description. Farmers flocked to see it and clamored for some seed.

Boys, you can make lots of money growing vegetable plants. I know you can for I used to do it myself. I have sold over $30.00 worth of Celery plants alone to my neighbors in a single season. Cabbage, Tomato and Celery plants sell best. Pepper, Cauliflower, Lettuce, and Egg Plant sell good, too. Asparagus plants always sell well and bring big prices. Every year's profits should be spent for Celery plants and other vegetables. You can save a lot of money by buying seed plants, which I guarantee will grow. I sell plants.

Three Practical Problems.

If a hen and a half will lay an egg and a half in a day and a half, how many eggs will six hens lay in seven days?

What two numbers multiplied together make 7?

At the first of the month a merchant has in cash, $32.17; stock, $57.34. He pays out during the month: clerks, $25.00; new goods, $29.91. He receives from sales of merchandise, $83.57; stock at close, $81.37. Does he gain or lose, and how much?

These may not be as easy as they look. I will send correct answers if you ask for it when ordering seeds.

"Give and it shall be given unto you—good measure, pressed down, shaken together and running over—" with the same measure that ye meet withal it shall be measure unto you again."

Old Homestead or Wonder Pole Bean.

This is far ahead of any other early green Pole Bean and is fit for the table fully 10 days before any other. Enormously productive, the pods hanging in great clusters from top to bottom of pole. It is absolutely stringless, pods beautiful and very large, always cook tender and melting. With the Old Homestead for early and Powell's Prolific for late, you can luxuriate in delicious string beans the whole season thru. Packet 10 cts., 3 for 25 cts.

The Cinnamon Vine.

This is truly a "thing of beauty." One of my great specialties. Buy at Headquarters and have true vines. I am the largest grower in the world.

Big Money for You.

You can get a lot of it if you wish. By getting up clubs for Cinnamon Vines. Ladies try it too. Success is certain. Even children make good wages.

Country Gentleman Sugar Corn.—Most Delicious Ever Crowned.

This improved variety is the finest of all sweet corn for home use. None other is so delicious. The ears are good size, 8 or 9 inches long, and produced in great abundance. Many talk bears 3 to 4, and sometimes 5 or 6 plump ears. Its long milky kernels are full of sweetness.

Richest Flavor, Deepest Grain, Smallest Cob, Greatest Yielder.

The moment you taste this luscious, tender corn you will be a convert to it, for its flavor will delight an epicure. The kernels fairly melt in your mouth. It retains its delicious tenderness for some time. A very strong grower, season medium. I know nothing that can equal this rich variety. I recommend it especially for private gardens, and to those having the choicest retail trade.
PULL'S Prolific Pole Beao:

Thoroughly tested and proved to be the greatest novelty ever introduced. Read his testimonials and judge for yourself.

Why not Read These?

A. T. Cook, Dear Sir—I received the matches at right. They are grand. I showed them to my neighbors and gave them your catalogues, and they have already put up clubs and received every order. Every one is pleased. Your seeds are O. K. and your premiers offer the best. Yours truly, John Burns, Out. Co. S. Y.

Miss E. North, Litchfield Co., Conn. writes:—I take much pleasure in getting up clubs. I found friends ready and willing to give me their orders. Your premiums are grand, and seeds satisfactory in every way.

World Famous Prizetaker Onion. Its mildness of flavor and tenderness are unequalled even by the Bermuda varieties.

This is without exception, the grandest variety of yellow globe onion grown for our American climate. It is the largest, handsomest, finest flavored, and in every way the best. It is admittedly the largest of all varieties; samples have been grown to the enormous weight of Over 5 Pounds Each.

With good culture it produces wonderful crops everywhere, one row producing over 120 bushels per acre; another says "I grew 130 bushels on exactly one-sixth of an acre."

Excels in Yield, Excels in Size, Excels in Quality, Excels in Beauty.

The prize is mostly grown, ripens up hard and firm, is a good keeper, and always brings an extra price. It is certainly a wonder, and nothing short of an actual trial will convince its great value. Don't miss it. Remember my seed is American grown, carefully selected and pure. Beware of cheap onion seed. Per Pkt. 10 cts. 3 for 25c.

Wm. Russell, Maine, writes:—Mr. A. T. Cook. Your onion seed produces the best onions I ever saw. This is the first time I have tried club raising, and I have enjoyed it very much, and wish to thank you heartily for giving women and children such a good chance to earn money needed for many things.

Ladies! Read This Testimonial, and Every Woman who wants a pocket of pin money.

Mrs. E. E. Stedman, Washington Co., N. Y. writes:—I saw your offer of a watch and took your catalog at once and started out, and in a very short time I got up the club. As I had done so well I thought I would try and sell some more seeds and earn some money. In a few hours I obtained $20.00 worth of orders. I have a nice watch and a good gift for horticulture for my trouble. Let others do as I have done. This is the first time I have tried club raising, and I have enjoyed it very much, and wish to thank you heartily for giving women and children and every one the opportunity to earn money needed for many things.

Packet acts 3 for 25 cts.

BE SURE AND READ THE FOLLOWING.

Mr. A. T. Cook. Your Pole Bean Bears are wonderfully prolific. I never saw anything to compare with them.

From 10 hills we sold $7.50 worth and had all we could eat. I know, the vines would have paid $5 for each, if we had all been sold. You cannot ever over-recommend these PRIZETAKERS. You should see in your catalog that an ordinary pole will not support the weight of one bean. We had to prop up nearly every pole. This year will use heavy poles and trellis wire. A. J. Packard, New York, N. Y.

Mrs. C. S. Lissford, Kinards, S. C. writes:—From 9 vines we ate beans all summer, and grew several bushels of great beauty.

Mr. A. T. Cook. Your beans were the grandest I ever saw.

FRESH SEEDS WE PICKED FROM HILLS WHERE WE PICKED NINE HILLS. They continued green and bearing long after all other beans were dead. We were greatly pleased with results, and especially with the "BEANOW."—Mrs. J. J. Stewart, Monogalia Co., W. Va.

WHY NOT encourage your boys and girls to grow plants for sale. There is no easier way to get a pocket of pin money, except in getting up plans for my seeds. Let them plant a good lot of tomatoes, cabbage, celery, pepper, lettuce, asparagus, parsnips, celery, egg-plant, etc. Care for them well, and paint a sign saying the boy's name, and let him sell the huge—then they will soon be taking in money, and learning business faster than they ever did before in their life. Read this friendly hint, for it will pay you in more ways than one.
New Monte Cristo WATERMELON. The Best Ever Produced.

The KING of ALL Melons.
This incomparable new Monte Cristo melon is sweet, juicy, and exactly similar in flavor to the everlastings. It is the earliest of ALL the giant melons, and is, without doubt, the Greatest Yelder Ever Known.
Weighs under ordinary cultivation over or 60 pounds. One of the sweetest, juiciest, and most solid melons ever produced. Very easy to sell from its handsome appearance. It is The Greatest Money Maker.

Certainly no melon can surpass it for market or table use. Mr. Dodge, the veteran melon grower says, "The Monte Cristo is the best melon I ever raised—not half its good qualities have been told."

Headquarters Stock, Selected Seed, pure and true. Packet 10 cts. 3 for 25c.

Words cannot describe the beauty of this valuable Premium. It is an exceedingly handsome Coral Twig Neck Chain, handsomely set with large, handsome, extra quality Secret Heart Lockets which slide open and holds 2 pictures. Jewellers ask $3.00 to $4.00 for those no handsomer. Cut is one-half size. Locket is gold finished, fancy engraved, and set with 10 Pearls. These Coral Chains and Lockets are so pretty, so durable, and just now so fashionable that every Lady will want one. I know. I regret I have no cut of chain; it will surely surpass all expectations. Every one is delighted with it.
I give both the Coral Chain and Locket free for a $3.00 order. All sent prepaid. Get up a club.

To My Friends—THE BOYS.
Please do not use tobacco. It will enslave your mind, defect your body, and waste your money. If you have begun—take my advice and stop at once, and you will be grateful all the days of your life. Be Temperate. Shun the deadly, soul-destroying palme. Let your motto be "Youth not, Taste not, Handle not the Intoxicating Cup." Be brave enough to be above temptation, and dare to do the right.

Finest Everlasting, or Eternal Flowers.
One of the handiest, and most showy of all garden annuals, and much the finest of all for winter bouquets, baskets, vases, and other decorations. They are very hardy, of easy culture, and produce large, brilliant blossoms in the greatest abundance—rich red, yellow, white, scarlet, etc.—many shaded and tipped with various rich colors of purple, red, and crimson. It is a fantastic sight to see a whole bed of them in bud and blossom. They never fade, but retain their beauty for years. These are the most beautiful of all everlastings. Height 2 feet. Packet 5 cts.

Grand Mirror Top Organ Premium.
GIVEN FOR A $50.00 ORDER.
Friends, I challenge the whole world to produce a bargain equal to this. This magnificent Organ is strictly one of the best and most reliable makers. The case is very handsome, of solid oak, elegantly finished, carved, and decorated. Organ has 5 octaves, 11 stops, 2 octave couplers, 4 sets highest quality orchestral toned resonatory reeds, which are used only in the highest grade instruments.
The tone is faultless, of the greatest purity and sweetness, and cannot be excelled. Dimensions, height 72 inches, length 40 inches, width 25 inches. It is an organ that agents would not handle for $500. Beautiful mirror top—with handle—rolls, safely can be shipped. 25 years written binding guarantee; also handsome stool and complete Instruction Book, etc. (Low top Chapel Organ on same terms.)
I give either style Organ absolutely free for a $50.00 order, also usual extras (12pt. lect.) etc. All seeds sent by mail or freight paid. Organ shipped from factory—prepaid. Any one can quickly set up the instrument and play it well. Don't miss this chance. Don't fail to tell your friends, also any church or society needing an organ.

Some Extra Presents.
If you are willing to hand out 5 of my Catalogue to friends interested in gardening or pot raising—please mention it when you send in your order and I will pack them with your seeds, and also add a half dozen "extras" for your trouble. I have found these real treasures put up ready for the purpose.

I can never tell how grateful I am to all my friends who have spoken a kind word for me and my seeds, and who have shown their friends how to turn their money into profit from seeds, premiums, and extras. I return to each and every one my sincere thanks. Yours Kindly, A. T. Cook.

"The Monte Cristo Watermelons were A No. 1. I want no better. They grew a melon for years, and never saw their equal for both quality and size. The Coffee Berry is a success. I was much pleased with all your seeds."

in the most careful selection with special regard to EARLINESS, PERFECTION SHAPE, SOLIDITY, AND EXCELLENT
QUALITIES. It grows to a very large size, solid and thick through as shown in the above illustration. It is an enor-
mous yielder, and is in every way all that can be desired as a market or table onion. I hope every one of my custom-

ers will plant it. All growers who give careful care may certainly expect extraordinary results. My grow-

ers and children and as myself, will wonder how you can afford to give away such specimens.

Do Not Overlook
This Wonderful
WATCH PREMIUM.

If you don't want a watch please show this to some one who would
like this splendid premium.
Extra Long Green Giant Cucumber.

A veritable giant among Cucumbers, and merits the highest praise. Enormously large and handsome, many specimens growing from 20 to 30 inches in length. It is a very strong grower, fruit straight, smooth, uniform, and produced in great abundance. It has few seeds. (not one-fourth as many as other sorts) quality excellent, crisp and tender. A very fine pickling variety, and unexceeded for slicing. Every one should grow this remarkable novelty. No variety will equal it for exhibition. It will be a wonder to yourself and all beholders.

The Green Giant Cucumbers were splendid. My nobles were astounded at their great length. One measured 26 inches.

Lulu Williams, Westville, I. T.

The Long Green Giant Cucumbers were grand, and of immense size. They were the wonder of the community. 7 feet for seed were all over 18 inches in length. Your Short Stem Drumhead Cabbages, Cowpeas Beans and Coffee Herbs were worthy of especial praise.

Mrs. Emma Williams, Lantz, Mo.

CHUFAS, OR EARTH ALMONDS.

These very closely resemble in sweetness and richness of flavor a cocoanut or almond. Children are very fond of them, and each one should have a chufa patch. They are much grown in the south to fatten swine, poultry, etc. They are very perfectly at the North, my plants yielding from 50 to 60 bushels of grain each. They are a rich and healthy food for poultry of all kinds, insects for planting, etc., on each packet. Pkt 10 cts.

Arthur Horton, of Foon, N. Y., writes: “The chufas I got of you are all you claim. I raised every one from half a packet of seed. They are delicious eating.”

New Stringless Green Pod Bush Bean.

This is an ideal string bean. Absolutely unrivalled. For home use or market no other green podded bean can equal it. It combines the chief merits of all others, extreme earliness, unusual hardness and wonderful productiveness. Pods are very handsome and finest quality—the flavor being most delicious. It is so hardy it withstands considerable frost. Pods are rich green, round, straight, 6 inches long, of unsurpassed tenderness and quality. Always entirely stringless and without exception the very earliest of all beans.

MONEY IN POP CORN GROWING.

Pop corn is a great money crop. Give your Boys and Girls a chance to grow a lot and make money. It will pay in more ways than one. It will earn food and seed gold. 100 bushels of my productive varieties will easily grow on one acre. Almost the first money I made when a boy was in growing and selling Pop Corn. My varieties being so easily grown and producing such immense crops makes them especially profitable for market. They always bring good prices. This is well worth looking after. If you have no boys, or girls plant a patch yourself and report results.

S. G. Campbell, Tappan, O., writes: "I paid $4.50 for 500 of your Pop Corn. I got five packets of Pop Corn from you and I sold $1.25 for bushel, which made enough to $3.75 I have to buy and sell yet, and enough left for winter.

W. L. Anderson, Ind., says: Last year I planted 1/4 acre of Pop Corn and raised 90 bushels, a yield of 144 bushels per acre. I sold it for $1.60 per bushel. The corn required no more labor than common field corn.

Protect The Birds.

Protect the Birds. Encourage them in every way. They are the Farmer's and Gardener's best friends. They look for us and sing for us from morning till night. They are God's own messengers of love. They fill our homes, our meadows, and the woods with heavenly music. Do not kill them. Feed them every day and they will come in great numbers and sit close and near. It is a delight to see them. I am sure no lady customer of mine will be guilty of the cruel practice of wearing birds on their hats, and I earnestly pray that each one will do their utmost to convert others from this barbarous practice.

A. T. Cook
Giant Summer Crookneck Squash.

This new strain is even earlier than the common variety, while the squashes grow to an extra large size—from 18 inches to two feet long, and of finest quality. They command an extra price in all markets. One grower reports $1.25, worth sold from 1/2 acre. This is the best flavored and finest of all summer squashes. Per packet 5 cts.

Strawberry Husk Tomato.

These unique tomatoes are a wonderful fine fruit, and grow from the seed in 80 days. They are simply superb for canning, preserving and pies; everyone calling them most delicious. If left in their husks, and stored in a cool, dry place they keep fresh all winter.

Dried in sugar as raisins or figs and to use in fruit cake, etc., they are unequalled. They are a handsome golden color,—the size of large cherries, and enormously productive. They have an exquisite flavor. Many say "Better than Strawberries" to eat out of hand. No one ever gets tired of them. They are hardy everywhere, and produce enormous crops even where other fruit is a failure. Packet with full directions for planting, use of fruit etc. only 10 cts. 3 for 25 cts.

New Autumn King Cabbage.

This famous "World-Beater" produces enormous solid heads of extra quality. It is one of the finest of winter varieties—entirely distinct, and the best keeper.

The Great Prize Pumpkin.

KING OF THE MAMMOTHS.

This grand, colossal variety is without a rival; it astonishes everybody by its mammoth size and heavy weight. Indeed no other pumpkin has ever attained such enormous weights, or been awarded as many prizes. Think of it, a single pumpkin weighing 250 lbs. (See Cut.) Is not this the greatest of all pumpkins? In France they have been grown to still greater size, and as many of my customers have as good, rich soil—as highly productive, as any there is in France or anywhere else on the face of the earth, I see no reason why they cannot be grown much larger here. The flesh and skin of this monstrous pumpkin is a bright golden color, very fine grained, and of excellent quality. Notwithstanding its enormous size, it is one of the best size or table pumpkins ever grown, and is a splendid keeper. I hope all enterprising pumpkin growers will give this variety a trial. You will be awarded a prize at your County Fair. Full directions on every packet, giving best methods of planting, use of fruit, etc., to secure the largest specimens. See offer below. Extra seed saved from selected large pumpkins. Packet 10 cts. 3 for 25 cts.

Dear EVERY PERSON who receives this Catalog should surely take advantage of the many valuable opportunities for making money, or securing valuable Premiums free of cost. Please tell your Club-Agent friends, and Bright Boys and Girls—of my matchless inducements for orders.

There is no unbelief: Whenever you get a seed packet, and do not like it, send it back, and I'll give you something better.

My SUPERIOR SEED is the very best I can grow or get. None are equalled QUALITY considered. I do not try to compete with foreign trash, or that grown from seellions and refuse of crops. I could sell such for 2 cts. per packet—but they would be dear as a gift. With an experience of 25 years in gardening I know the value of high grade seeds. I have in the past, and always will maintain this high standard.

Dars No Use Talking
Cook's Melons Am De Best.
CHINESE ROSE WINTER RADISH.
The very best for fall and winter use, and popular with all Market Gardeners. Extra large size, bright rose color. Flesh white and firm, crisp, mild, very juicy and refreshing. Easily grown, and deserves more attention. They are a great luxury in winter. Plant about July 1st, and dig late and store in a cellar in boxes of moist earth. Packet 5 cts., 6 for 25 cts.

GIANT SUGAR TROUCH GOURD.
These Gourds are very useful for many household purposes, such as buckets, baskets, nest-boxes, soap and salt dishes, and for storing the winter'slard. They grow to hold from 4 to 10 lbs. each. One exhibited at the American Institute Fair, held over 11 gallons. Very interesting, and grow readily in good soil.

New Giant Muskmelon.
This new and thoroughly tested melon is of MONSTRous SIZE, cream yellow, very early, distinct, and pure, with seeds twice as large as other sorts. An extremely hard, sure grower, and great yielder. A whole field will average 15 to 20 lbs. each; many specimens being much larger. Salmon color flesh, of very pleasant flavor. This large, showy melon will take well in any market, and scoop in the prizes at the Fairs. Pkt. 10 cts. for 25 cts.

Mammoth Rhubarb, or Pie Plant.
Its stalks are much used stewed, and for pies, tarts, etc. Every garden should have a good supply of this excellent appetizer and healthful vegetable. This variety is far superior to the common sorts, and produces immense stalks very early in the spring. It has a rich, spicy flavor, and is the finest variety in existence. Rhubarb is of the easiest culture and commands a ready sale in all markets at good prices—coming when fruit and vegetables are scarce. Packet 5 cents.

Mammoth Silver King Onion.
This beautiful, silver white variety grows to a most remarkable size—often weighing from 1 to 4 lbs. Flesh is very white, mild, and sweet. The king of all white onions. Do not forget that all my Onion seed is selected, high grade, and of very high vitality. Packet 10 cts.

Novelties Free on Every Order.
Thousands upon thousands of packets of the best new and improved varieties of vegetable and flower seeds put up and waiting. A grand assortment that cannot be equalled. A very liberal number will be added free to every order. The larger the order the more free extras you will receive. No other Seedsmen gives even half as much. Why pay big prices elsewhere for Novelties when you can get them free by ordering your seeds and plants from me? Remember these valuable extras are always added free (even to club orders) and are in addition to all other premiums and discounts. This is my way of advertising to give my customers all the benefit. Will you not hand out a few catalogs and teach the neighborhood? I am always glad to send all the Catalogs that will be distributed judiciously.

The "NE PLUS ULTRA" of all beans ever cultivated. So valuable a variety been found as this Golden Wax Bean. If you have not planted it you do not know what the perfection of beans really is. The pods are long, brittle, and ENTIRELY STRAGGLING; of the richest golden color, and borne in the most marvelous profusion. Its prolific yielding qualities almost surpasses belief. Deliciously tender, rich and buttery. Excelled both as a snap bean and a shell bean for winter use. The plants are extra robust and hardy, grow very uniform, are absolutely healthy—the beans never have been known to rust or blight in the least. This fact alone is of the utmost value and places this famous variety far in advance of others. It stands unique and alone in the pinnacle of perfection. Whatever other good things you overlook in this catalog—do not miss planting these beans. Extra large packet, 10 cts. for 25 cts.

Teach Children to Love Flowers.
Lovers of flowers are lovers of goodness and purity, Teach the boys as well as the girls; they will love their home better, and be more likely to shun the deadly, soul-destroying saloon, and other vices; surround your cottage with flowers and vines. Let beautiful blossoms greet the eyes on every side, let their fragrance drift in the open doors and windows. It will pay an hundred fold. Flowers are little missionaries sent by God to teach us beauty and innocence. Their influence is always good.

Temperance Forever.

Love, Purity, and Fidelity.
Bonnet or Dishcloth Courd.

A charming climber from Japan. A great curiosity. Has beautiful dark yellow shaded foliage and clusters of large yellow blossoms. Very ornamental. Fruit one to two feet in length.

A natural dishcloth, and most admirable one is furnished by the peculiar lining of this fruit which is very tough, elastic and durable. Many ladies prefer this dishcloth to any prepared by art. As a substitute for sponges in the bath, and for many other toilet purposes they have nothing equal. For fancy work they should be gathered before they get fully ripe and dry: the lining is of a delicate cream color resembling embossed antique lace. Beautiful card baskets, bonnets, fans, etc., can be made from it. In the extreme North this variety requires to be started in a hot-bed.

MARKET GARDENER'S BEETS.

Undoubtedly one of the best novelties ever offered, and it receives much praise from our customers, is very symmetrical with a round root and unusually small tops. One soil is necessary for market and main crop for winter use. By the 1st of October they measure 6 to 8 inches in diameter and average 5 lbs. each. Color deep blood red; fine grained and unsurpassed in quality. Sowing it all up, a small bed of beets for early profitable beets for the market garden, and family use. Packet 5 cts., 6 for 25 cts.

EARLY WINNICSTADT CABBAGE.

A well known and very popular variety. Heads large, decidedly conical, remarkably solid and hard, even in summer. This is a sure header, a good shipper, and suffers less from the cabbage worm than any other sort; valuable for both summer or winter use. Market Gardener's and all others desiring a choice strain of this desirable cabbage should try our selected seed. Pkt. 5 cts. Beware of cheap Cabbage seed, which is often grown from stumps and unsalable rubbish. Pkt. 5 cts.

"I will always buy your seeds. You always give such good seeds and such large packets." Your Winnicstadt Cabbage is the best early Cabbage raised. Kind wishes to you.

Mrs. Geo. T. Williams, West Milford, N. J.

"Your Cabbage is the best I ever raised. Your seeds are all just splendid." Mrs. E. B. Howard, Gentry, Tenn.

"I raised a garden full of Cabbage from your seed last year. It was the finest cabbage I ever saw. My raisins failed to raise any at all and I told them they should have planted Cook's selected seeds." P. K. Burn, Washt. Co. Ark.

Dwarf German Kale.

Kale or German greens has pretty curled leaves that are very ornamental and highly prized as food. Kale is easily grown, and harder than any cabbage. Very tender and delicate, would be generally grown if its excellent quality were known. Plant same as cabbage. Packet 5 cts.

Giant Celcaria.

A turnip-rooted Celery, used for flavoring soups, etc., also cooked and sliced and used with vinegar, making a most excellent salad. Easily grown. Culture same as celery, but requires no banking. Very healthful, and should be more largely planted. Packet 5 cts. 6 for 25 cts.
The earliest in cultivation, and adapted to dry or damp; is fully one week earlier than any other sort, and of superior quality. The hull is flat, medium size, smooth, with a bright purple top; leaves few. The pure ivory-white flesh is of the choicest quality, solid, and fine-grained. Very mild and sweet. A good keeper. Of great value to all private and market gardens. Pkt. 25c.

New Golden Honey Watermelon.
A Novelty of Extraordinary Merit.
Decidely the Very Sweetest of All.

Without doubt one of the best watermelons ever placed on the American market. It is a very early melon. The flesh is of a deep, rich, golden color, and in delicious sweetness and exquisite quality reminds one of honey. In a crop of 20 acres grown especially for seed, every melon was juicy, melting and delicious. It is of large size for such an extremely early melon, enormously productive, flesh firm, solid and handsome, and beyond description. Many who fail in growing other melons can succeed with this. No one should fail to plant the Golden Honey in their family gardens. It stands the heat and cold alone. W. Ferris, Canada, writes: "Your new Golden Honey Watermelons are simply grand. I never saw their equal. They are the only melons I ever made a success in growing. Four seeds are the best I have ever seen, and your catalog is honest."

Selected seed, pure, packet 25c. 5 for 50c.

Golden Tankard Mangel-Wurtzel Beet.

This is decidedly the finest mangel in cultivation, and best for dairy use. Of very large size, clean and handsome, easily pulled as it grows two-thirds out of the ground; will bear close planting. The flesh is rich golden yellow, exceedingly nutritious. It is early, hardy, and a very heavy cropper. The Golden Tankard has quickly taken the lead of all other varieties. It contains a large percentage of sugar and is much relished by milk cows and sheep. One of the best of beets. Farmers should give root crops more attention. The wonderful results of feeding roots are plainly seen in the health and condition of dairy animals, and in the greatly increased yield of milk and rich, golden butter in cows. Do not miss planting a good size patch. It will be dollars in your pocket.

Selected seeds in LARGE PACKETS 5 cts. each, 6 for 25 cts.

Improved Purple Top Yellow Rutabaga.

This variety cannot be too highly recommended, and no sort will prove such handomely formed roots, or greater yield. It is of the choicest quality, and full of nourishment; very solid, of a beautiful orange color, or, with a handsome purple top. Will keep all winter and even into the following summer. It is the result of many years of careful selection.

THE GRANDEST VARIETY IN CULTIVATION.
Packet 5 cts. 6 for 25 cts.
New Early Champion Peanut.
This mammoth new Extra Early Peanut is the crowning triumph of a careful Specialist, and in size, quality and yield will far surpass any other sort. It is a surprising yielder, having produced 100 bushels per acre. It is so early and such a robust grower that good crops have been harvested even in Vermont and Canada. Don't fail to try it and every boy and girl should have a bed of Peanuts in their garden. Full directions for planting etc., on every packet. Pkt. 10 cts. 3 for 25 cts.

**Japanese Nest-Egg Gourd.**
This new and beautiful variety, varies in size from a pigeon's egg up to a goose egg, but mostly the size of an hen's egg, and so exactly the shape and color, as to almost deceive the eye. The shell is hard and durable, and make the very best nest eggs, as they neither freeze nor crack. The Nest-Egg Gourd is a rapid and desirable climber; quickly covering old sheds or any untidy object with a mass of green foliage, thickly dotted with beautiful white eggs. Boys can make lots of money growing this gourd, and selling them to your neighbors for nest-eggs.

**A Flower Garden FREE TO EVERY BOY AND GIRL**
under 17 years, who is smart enough to read this Trade Mark Puzzle correctly. Try your best to study it out.

**White Plume, Self Blanching Celery.**
THE EARLIEST VARIETY.
This is the best of the so-called Self Blanching Celery varieties, as it needs but little blanching and its eating quality is equal to the best of the older sorts being tender and crisp, solid, and of a pleasing nutty flavor, while its white feather-like foliage places it ahead of all others as a table ornament. More largely grown than any other, all who have failed to grow fine celery, they should try this. Pkt. 10 cts.

**Have You Tried to Cot up a Club for My Seeds?**

**My Great Sewing Machine Premium.**
Rockeiek, Oregon, Aug. 21, 1901.
A. T. Cook. Dear Sir:— Last January while I got a $20.00 order for your seeds in 30 days, and another a $250.00 for $250.00 each. We have bought seeds from different firms and find yours good as the best. Yrs. truly, A. Faber.
This year I give this elegant Sewing Machine free for a $20.00 order for anything in my catalog. It is the most wonderful bargain ever heard of. Why not get one also, or assist some poor woman to obtain one? It is worth today; everything is guaranteed.

**Jackson Wonder Bush Lima Bean.**
Here is something new under the sun. A wonder indeed. It is a combination snap and Lima (or butter) bean, grows about two feet high, and is immensely pro-
ductive—6 quarts having been grown from 25 seeds. When pods are young they make excellent snap beans, and later are shelled and used same as other limas. Their flavor is very rich and delicious. They are extremely early, and continue in bearing until frost. None but favorable reports have been received. Pkt. 10 cts.

**Early Premium Corn Peas.**
A superb extra-early wrinkled variety of delicious quality. Pods filled, and vines marvelously productive, bearing laden down with juicy peas. The best, the sweetest, and hardiest of all. Pkt. 10 cts. 3 for 25c.

**New Chartert Radish.**
This valuable introduction is far superior to any long variety now in cultivation. In quality and flavor unsurpassed; early, handsome, unusually crisp, tender and juicy, and remains in good condition a long time.

Pkt. 5 cts.

J. W. Allbitten, Houston Co., Texas writes—I raised one Chartert Radish from your seed 11 ft. long and 26 in. in circumference.

G. E. Russell, Leon Co., Texas writes—I raised one of your Chartert Radishes 21 ft. 3 in. long, and 17 in. around. I never saw the beat. Your Short Stem Cabbage cannot be excelled, I can say your seeds GROW, and you give more and better seeds than can be had elsewhere.

I am always glad to get GOOD names of seed planters, club agents (who sell anything), etc., that I may send them my catalog. If you will write me a list of 5 to 10 names and adduce some of your own and other Post offices (those you think will be most likely to use my seeds get up clubs and send it to me) ALONG WITH YOUR ORDER— I will remember your kindness when packing same.

Be sure and write plainly, and send names on a separate sheet With thanks in advance.

Yours Sincerely, A. T. Cook.
New Short-Stem DRUMHEAD CABBAGE

This peerless New Short-Stem Drumhead, combines, to a wonderful degree, all desirable requisites. It has a very short stem and grows very compactly. The heads are extra hard, solid, round, attached on the top. They grow very uniform in size and shape and present the appearance so well depicted in the above illustration. The heads often attain 20 to 30 pounds in weight, and are always of the finest quality. For reliability of heading, this variety is, from long continued selection, also remarkable. From each 100 plants set out, at least 98 large, solid heads may confidently be expected. I believe this to be the finest Cabbage in existence to-day—the surest grower and header. It will produce a crop even where others fail. Friends, if you order but 3 things from this Catalogue, I hope one will be this great cabbage. Selected seed, pure and true. Packet 1 oz. 3 for 25c.

F. B. Hall, Bunker Hill, Maine, writes:—"I raised 10 tons Short Stems from 1,200 plants. Every seed grows. This cabbage is hardy, fine, and a wonderful seller."

Dr. J. M. Ashley, of Texas, writes:—"Oh, goodness! what cabbage I did make from your Short Stem Drumhead; all that saw them were almost thunderstruck."

Mrs. A. M. Troyer, Brantford, Canada,—"We never had better vegetables than we grew from your seeds. Our Short Stem Cabbage, after the stems and leaves were taken off, weighed 20 lbs. The Short Stem Cabbage heads were as large as a good sized milk pan. They were a wonder to all beholders."

New York Farmers, Western News.—"Your Short Stem Drumhead was the best cabbage I ever raised in my life. I have ordered seeds of different sedans, but none produce like yours, and no one gives so many nice extras." John A. Rutledge, Pa., says:—"Your Short Stem Cabbage was the best I ever grew. Every one made a nice head. The growers were surprised, and thought I made a mistake sending them so many extras. They said that every seed grew."

Peace on Earth, Good Will to All.

SPECIAL TO CABBAGE GROWERS. All of my cabbage seed is grown from Extra, Selected, Solid, Perfect Heads, pure and true. This seed actually costs THREE TIMES as much to grow as that I could buy in the open market, but I am a Practical Gardener myself and know the tremendous importance of HIGH GRADE seeds of all kinds—especially of cabbage, and I surely intend to offer my friends nothing but the very best that can be produced.

"Easy to Get up Clubs" For seeds, etc. People who try and are surprised at their success. Children especially are quick to secure large clubs. Let every one try seeds who have failed or taking orders for anything else—for their success will be certain. Everybody plants seeds, and will be glad to give you their orders. Everything sent prepaid.

NEW VARIEGATED POP CORN—Ears Red, White, and Blue Colors Blended.

New Winter Pineapple Muskmelon.
The Winter Pineapple differs from all other muskmelons in shape and appearance of the fruit and its wonderful keeping qualities. It weighs from 12 to 12 lbs. each. It is a most valuable novelty. These splendid melons do not ripen in the intense sunlike other muskmelons, but have to be ripened in a cool, dry house. In this way there will be kept sound and sweet for several months. They are excellent for use for bringing them in a warm room, where they will ripen in a few days and be ready to eat.

The flesh is unusually thick, solid, and melts into a light green color and has the most delightful flavor imaginable, being rich, spicy, and delicious, with an agreeable pineapple taste.

The Artist, Mr. Blane, of Philadelphia, who has made engravings of, and tasted nearly all the new melons introduced in the past ten years, says, "Winter Pineapple is decidedly the finest flavored muskmelon I have ever eaten."

Everblooming Petunias.

It is my desire to call attention to these entrancingly lovely flowers. They are a superb novelty. Their wondrous beauty—over 40 varieties, They comprise an endless assortment of colors, shapes, and markings. The Pe- tunia is the "People's Flower." It blooms in a month or so after planting, and will continue to produce a perfect cloud of brilliant blossoms until hard frost. No one who loves flowers can afford to fail to plant them. Pkt. 10c. 3 for 25c.

Mr. A. T. Cook. Your Petunia was a perfect delight all the summer long. They are the most beautiful flowers. The flower houses have become immensely popular. Mr. A. T. Cook, Mass.

TENNESSEE SWEET POTATO.

"God might have made the earth bring Enough for great and small, (thou) because the Lord is there."

According to a writer without a flower at all. He might have made enough, enough for every want of man.

For luxury, medicine, and our health, As there is no one who has not seen it. And yet, be made of flowers. Our outward life requires them, Not wherefore had they birth? To minister delight to man.

To beautify the earth? To comfort man—to whisper hope Whose care is God. For He who careth for the flowers Will care much more for you!

This Pumpkin is of medium size, with a cream-colored flesh, very fine, dry, and of most excellent flavor. Hardy, productive, a good keeper. The best variety for pickles and for making many squashes for cooking.

PUMPKIN.

"Count that day lost whose low descending sun Views at thy hand no worthy action done."

Boys and Girls Wanted.

To get up clubs for above Mixed Flowers. Show bright youngsters this offer. I give a splendid Watch and Chain—or a gold Dollar. Start your Premiums for a $1.00 order for 12 packets. Begin at once to make orders. They sell like hot cakes. Your friends will be glad to get them. Read above description and testimonials, and you will be sure to get your orders every time. SPECIAL. To help you sell I will give you a 25c. Certificate. Chain. Extra gold finish—very durable. A gem of Art.

From the Editor of American Garden. TRULY A GIANT AS.

"PARAL S. A bunch of about 50 shoots of Palmetto Asparagus exhibited by a Philadelphia gardener, was the most wonderful bloom of all the summer."

California Cream Butter Lettuce. This new variety forms a large, round, solid head; outside green, and within a rich cream yellow. It is as productive as any variety ever known to the taste, and remains fresh for weeks of the finest quality. A great improvement over most others. Packet 10c. 3 for 25c.

Tobacco.

Don't think of a club, please, on account of our government. It is our duty. Write to me at once for you to join a club. If you do, I think you will be greatly benefited. I have given this letter on another page. He is only 8 years old, and he has got his 800 club in one day, and got two splendid watches for his troubles. Begin to-day! Write to me on the rest. Thousands of boys and girls have ordered valuable premiums—but the business lessons learned were more valuable still. All need help, and we have some in your catalog. Do your best, and you will surely succeed.

If you cannot get up a club, please, be kind enough to show this to some one else. As I like the idea of an elegant watch, Camera, Gold Fountain Pen, Sewing Machine, Bicycle, Organ, or a pocket full of "pin money"—without costing one cent. The Premiums are all ready and waiting for your order.
Coral Gem Bouquet Pepper.

Is the finest and most productive of the small varieties. Hundreds and hundreds of the small, bright-red peppers on every plant give the appearance of a Bouquet of Corals. It is the prettiest thing out when grown in pots, and delights every lover of the beautiful. Besides its great beauty, it serves the housekeeper in a most convenient way when pods are wanted for seasoning. In the open ground plants grow to a height of 24 to 30 inches, so densely set with pods as to bend its branches down. It is the best of all for pepper sauce.

Packet 10 cts. 3 for 25 cts.

True Ice Plant.

(AESSEMBRYANTHEMUM CRYSTALLINUM.)

A handsome and unique annual plant, for hanging baskets, rock work, vases, and house plants; also fine for beds, edgings, etc. The leaves and stems are almost transparent, appear as though covered with ice crystals that look peculiarly brilliant and glinting in the sunlight. It is a plant of the easiest culture and that is always admired. It should be in every flower garden. The flowers are white.

"I would not take $1.00 for my Ice Plant. I esteem it above all my other flowers. All your seeds gave entire satisfaction." E. J. Colston, Social Circle, Ga.

From Irene Dean in "Epitomist." Oh, what beauties my Ice Plants were. They were entirely covered with "icy" crystals. I set one in a 4 inch can; it grew as large as a big tin pail. Every one that saw it was astonished. The flowers are very beautiful.

NEW TRIUMPH RADISH.

A curious new Radish both unique and valuable. The edible part pure white, striped with bright red—very attractive ornament for the table. The flesh is white, crisp, tender, and as good flavor as any radish grown. It is very early, and has a round top. This is a "sport" and not quite all the seeds will come true. It will please every one for family use. Pkt. 10 cts. 3 for 25 cts.

LONG STANDING SPINACH.

Spinach is a delicious vegetable either for spring or fall sowing. This variety is the gardener's favorite; it is a most attractive color with thick fleshy leaves of fine texture. Extremely hardy, and stands longest of all before going to seed. Packet 5 cents.

COOK'S PERFECTION PARSNIP.

Brightly named, and without doubt the finest strain of Parsnip that can be produced. It is a wonderful improvement on the old sorts, and no one desiring the best should fail to grow it. The roots are very smooth and handsome; tender, juicy, fine-grained and of most excellent quality. Customers are unanimous in praising this. It is truly a delicious vegetable, very fine stewed, boiled, etc. All who do not like the old poorer sorts are recommended to try this.

It produces enormous crops; and the short, thick roots are easily gathered. It is without question the best for home use, market, or exhibition purposes. While this is essentially a table parsnip—it is also superior to all others for stock feeding owing to its great size and extraordinary sweetness. Large packet, selected seed 10 cts. 3 for 25c.

"Your Perfection Parsnips were the best we ever had. Walter Thompson, White Bear, Minn.

"We grew the most tomatoes, cabbage and parsnips from your seed we ever had in our life. We had perfection for 8$l. each. Wm. H. Smith, P.a.

"I paid $2.00 a box of the very best seeds I ever planted. I grew 12 Bush of Parsons from 6 pts. some were 27 inches long, and weighed 34 ounces." G. W. Henry, Hunt Co. Pa.

COLLARDS—TRUE GEORGIA.

Collards are used as a substitute for cabbage—more especially in the south where it grows all winter. They are a form of cabbage that bears new leaves as the old ones are pulled off. They are tender and delicate when cooked for greens, and are esteemed highly. I sell a large quantity of the seed. Pkt. 5 cts.

New Japanese Climbing Cucumber.

A distinct new cucumber from Japan. The vines are extra strong and vigorous, and great climbers—producing a surprising amount of superior fruit on poles, fences, etc. 30 cts.

"The Japanese Climbing Cucumbers are the greatest bearers ever was. We shall always grow them. Your other seeds are doing fine—this is the best of the lot. Mr. Reed, Springfield, Mass.

"My Japanese Cucumbers were a great surprise to all who saw them." Edna Caldwell, Butler, Tenn.
KOHL RABI OR TURNIP CABBAGE.

Early White Vienna.

This is a curious vegetable—a freak of the cabbage family—with a turnip-shaped root or bulb as shown in the accompanying illustration. These bulbs are used while young and tender, served like turnips, and have a delicious cauliflower-like flavor, very appetizing and pleasant. Very easy grown and good keepers. If you have never grown Kohl Rabi, try it this year. Pkt. 3.9.

Small Cherkin CUCUMBER.

A rare useful pickle. A very curious, rough, beautiful little cucumber—a distinct species—used exclusively for pickling, for which purpose it is in high favor. They are oval in shape, profile to a great degree, and make one of the handsomest of pickles of first class quality. Pkt. at least. Packet 5 cts. 6 for 25 cts.

BROAD LEAVED SAGE.

Sage is most extensively used still today for seasoning. The leaves and tender tops are used in stuffing, sauces, etc. Sage has many medicinal properties. Sow early, and thin to 12 inches a bed will last many years. This is the best kind. Have you a bed of sage? If not now is a good time to plant one. Packet 5 cts.

Select Surehead CABBAGE.

"ALL HEAD, AND ALWAYS TRUE TO HEAD."

This magnificent cabbage is a most valuable contribution to horticulture. The heads are very large, round, flattened on top, remarkably uniform in shape, hard firm and fine texture. May be planted closer than usual as it has so few outside leaves. This makes it especially profitable to grow. A Rose of Yates Co., N. Y. grew a head of this remarkable Cabbage of the astonishing weight of 64 lbs. If you want a cabbage that is practically "all head, and always sure to head" (even under adverse conditions) you will find it in the Surehead. It is a late variety, and one of the very best of keepers. Its extra quality renders it especially desirable for Home use, and select retail trade. Extra Select Seed—saved from the best heads. Pkt. 10 cts. 3 for 25 cts.

THE ASPARAGUS BEET.

This delicious species (also called Sea Kale, or Swiss Chard) is grown for its leaves only. The leaves are used like spinach, but the great value of the plant is its large, fleshy, mid-rib of the leaves which are cut and cooked like asparagus, and are EXTRA FINE. As a substitute for asparagus nothing could be better. Ready to use in 2 months from planting and may be used continuously all summer and fall. It is a most valuable vegetable—too good a thing to miss, and I hope every one of my customers will plant it. Pkt. 3.9.

EXTRA DOUBLE CURLED PARSLEY.

Parsley is a flavoring herb of highest culinary value. This superior variety has beautiful, mossy curled and crisped leaves, light brilliant shade of green, of extra fine quality. If one planting it once would ever be without it. Packet 5 cts.

Brussels Sprouts.

A peculiar variety of small cabbage that produces great numbers of tender little heads from top to bottom of the stem. When boiled like cabbage, or if cream like cauliflower, are very tender and delicious. Those who have tried it in garden will agree that this splendid vegetable should be more generally grown. Try it this year.

Packet 5 cts.

NEW EXTRA EARLY SUGAR CORN.

The best early—and the earliest of all Sweet Corn. Very productive and sweet. Ear is good size for so early a variety, being 6 to 7 inches long. Usually two ears grow on a stalk, and sometimes 3 or 4. This is the sweetest of all early cobs and should be in every garden. Especially valuable for the market gardener, to completely control the early market. Packet 3c 3 for 25c.

"I planted your Extra Early Sweet Corn on April 28th, and had reaching ears on June 2d, which was 4 weeks earlier than my other corn."—ABE DAVIS.

"Your seeds are perfect—every fine head seems to grow. Your Extra Early Sweet Corn is the only kind that will mature here.—MRS. S. K. KNEELAND.

Pine Grove, N. Y.

Don't Forget

THAT EVERYTHING I offer in this Catalog is sent by mail prepaid to your nearest Postoffice; safe arrival guaranteed.

If the Seeds, etc., you order fill more than one box, I pack them in two, or three, or even a dozen if necessary—but you never send by Express. All you who have had to make many special trips to the Exp. Office, and then pay extravagant Exp. charges (sometimes even more than the whole cost of the seeds) I will appreciate your method of sending, and the advantage of dealing with me. You May be Disappointed

In not finding in my catalogue varieties that are largely beemed by other seedsmen. If they are omitted there is a reason for it. Is it not cheaper for you to be disappointed now than at the harvest time? All unworthy sorts are left out of this catalogue.
GIANT SUNFLOWERS.

This packet contains all the LARGEST and BEST varieties: Black Giant, Mammoth Russian, Junbo, and White Beauty—selected seed, grown separately and carefully mixed. ALL ARE REAL PRIZE-TAKERS. Heads measure from 12 to 25 inches in diameter, loaded with large meaty seeds. Sunflower seeds are rich and oily, and are the BEST PRODUCING FOOD known for poultry. They eat it greedily, and when fed, give them a bright and lustrious plumage. Feed a little every day, and you will be delighted to see the great increase in size.

These great Sunflowers succeed everywhere, and produce immense crops. Packet 10 cts. 3 for 25 cts.

NEW BROWN BEAUTY ONION.

Extra Early—Longest Keeper.

This magnificent new onion is worthy the highest praise. No one can appreciate it until once grown. It is good size, uniform, heavy and solid, and an enormous yielder. It never fails to bulb, never makes scallions—but every seed seems to produce a nice onion. The Brown Beauty grows medium to large size. Bulbs very thick, beautiful clear amber brown color, flesh mild, pleasant, and agreeable. Its earliness is remark-

able, ripening fully 3 or 4 weeks before the Red Wethersfield. This feature is of the greatest value.

Owing to its extreme earliness and handsome appearance it commands extra price. Its keeping qualities are marvellous. No other compares with it. It will keep over into the second year. This new onion is distinct from all others, will surely please. It has been well tested in every state, and everywhere pronounced a wonder. I trust my friends will all try it. I believe it to be the coming onion. Large Packet, selected seed, 10 cts. 3 for 25 cts. 15 pks. should produce at least $25.00 worth of onions.

NEW ICICLE RADISH.

 Entirely distinct, and one of the most beautiful of Radishes, long, slender, and of almost transparent whiteness. The earliest and finest long white radish, ready for the table in 28 days from planting. Far superior to the long red ones. The Icicle is truly delicious, and continues brittle, crisp, and tender for a long time. This is a real jewel. Pkt. 10 cts. 3 for 25 cts.

True Chicago Pickle.

This specialty has become a standard variety, and is undoubtedly the best Cucumber for pickles, and is used almost exclusively by the most progressive pickle factories. The fruit is of medium length, pointed at both ends, with large and prominent spines; color deep green; begins to set its fruit when the vines are quite young. It is a continuous bearer, and its productive qualities simply marvelous. I have a very choice strain of seed. Packet 10 cts. 3 for 25 cts.

NEW EXTRA EARLY BEET.

After a careful trial for several seasons, I am glad to offer this new variety as one of almost inestimable value. How many of my Market Gardening friends believe that there is anywhere in existence a nice, smooth, garden beet, of deep red color, which will produce roots of suitable size for market, TEN DAYS IN VANCE of the old early sorts. Well friends this variety does that very thing: I was incredulous until I planted the seeds and tested side by side, and watching their growth almost daily, saw a finely formed root develop on every plant of this new variety, before other early kinds began to bottom. The flesh is delicate, rich, and sugary, very fine grained. It is in every way an ideal Table Beet. Every garden should contain it. Young plants make splendid greens.

Do You Want an Elegant Watch

High Grade Bicycle, Superb Drop-Head Sewing Machine, Gold Fountain Pen, Lovely Bed Couch, Wonderful Talking Machine, Improved Camera, Mirror Top Organ etc. etc.? You can get any of these without costing you one cent of money. Every one is an immense bargain, and absolutely guaranteed. 25,000 persons have got up clubs for my seeds. Why not you? You don't know how easy it is.

Parents get your children started out for a club. Their success will surprise you. It will be the very best schooling in the world. It will give them confidence, and teach them business methods, which is worth more than gold.
NEW BANANA MUSK-MELON—Grows Over 2 Feet Long.

This curious new variety originated with one of our best growers in South Jersey, and is pronounced by him the most profitable variety he has ever grown. He realized an average of forty cents each for his entire crop, as they were eagerly sought after in the Philadelphia markets on account of their great oddity of shape and appearance. They look and smell like overgrown bananas, extremely productive, with deep yellow flesh, and many preferred to any other variety. They have a remarkable fragrance, and will scent the house. A great curiosity, and sure to attract attention.

EXTRA EARLY RED BIRD TOMATO.

This new variety first introduced by me is of extraordinary earliness, and one of the most productive ever seen. It is of good size, very handsome, uniform, bright red fruits, and of exquisite flavor. A very vigorous, strong, grower, bearing fruit about 3 inches in diameter, borne in clusters, and so smooth as an apple. Its productiveness is really wonderful; this will make it a joy to the grower's heart. I am proud to introduce a tomato of so great value. Be sure and plant, and beat all your neighbors in early tomatoes. Read the following. Pkt. 10 cts., 3 for 25 cts.

The Red Bird Tomato is a wonder. I had ripe Red Birds TWO WEEKS before any one else. They ripened in June, and I sold bunches at a big price before any one else had any. They were all through the season, and still had a heavy crop on them when frost came in November. I cannot tell of all the good things I received of you.

H. A. McQuiston, Preble Co. Ohio.

NEW INTERMEDIATE CARROT.

This is certainly the best main crop carrot. It is a tremendous yielder, of deep orange color, large size—often 3 or 4 inches in diameter and 10 or 12 inches long, very regular and smooth, and the most uniform of all. For private growers and truckers it is ideal, being of the highest quality—and for stock feeding it is of the greatest value, its yielding capacity being perfectly enormous. Selected seed. Large packet 10 cts., 3 for 25 cts.

GOLDEN QUEEN TOMATO.

One of the very best tomatoes ever introduced. It is solid, very smooth, free from ridges, large in size, ripens uniformly, and is by far the most beautiful yellow variety ever sent out. None better for preserving or slicing, the handsome, golden yellow slices make a beautiful contrast in a dish with red tomatoes. It has very little acid.

Packet 5 cts., 6 for 25 cts.
Early Jersey Wakefield Cabbage.

This is preeminently the best extra early cabbage in the world. It is of large size for so early and it is so well deserving its popularity. It heads up perfectly hard and solid, can be planted close and is very desirable for early market.

Packet 6 cts.

All of my cabbage seed is very choice, being raised from the finest old varieties, and the heads are carefully selected. Gardeners will plant them this year and you will agree with the verdict that "they are the best."

Hybridized Potato Seed-ball Seed.

I have the pleasure of offering a very choice strain of Potato Seed-ball Seed, a product of numerous hybridizations between many of the best new and old varieties in cultivation. Growing new sorts from the seed-ball seed is a very interesting employment for old or young. There is the widest range of difference in color, shape and general characteristics between the different seedlings, every one of which, or large number, will bring a golden harvest to the fortunate growers, and prove of inestimable value to the world. Directions for planting, cultivating, etc., on each pkt.

Price, 10 cts. per Packet; 3 for 25 cts.

Will. M. Johnson, of Tampico, Ind. writes:—"The packet of potato seed you sent me done with considerable success, some are a beautiful pale pink, large and long for a seedling the last year, they are a beauty. Some large white others some round, pale red, 30 to 50 in a hill—some pale blue—some white flat, and three inches or more long; two hills of black potatoes, etc., etc. I never saw so many different colors and shapes.

Rocky Ford Musk Melon.

The advent of this valuable variety has done more to popularize muskmelons than any other sort. Over 2,000 carloads of these celebrated melons have been shipped from Rocky Ford, Colo., realizing enormous profits. Unquestionably the best early Muskemelon in existence.

An Amazing Yielder.

A Healthy Vigorous Grower.

Always Brings the Highest Price.

Enormous prices are paid for this variety to the exclusion of all others. A top product of numerous hybridizations, this Florida grower actually cleared a net profit of $8,000, from 25 acres—Every market and home gardener should plant it largely. My seed is Pure and True, and selected with Extra Care. [Because of purifying seed—there is much of it offered.]

Pkt. 10 cts. 3 for 25 cts.

From Prof. W. H. Morse M. D., F. B. S. Sc.

My Dear (Always) T. W. Cook.

Your letter has come again. Every year adds to my faith in Cook's seeds. As you have seen the Vegetable Patches, Domestic Coffee, and Cinnamon Vines were more wonderful last year than in the year before, and more fascinating than ever.

The Cinnamon Vine was the marvel of the class, and the coffee not only gave large crops but attracted the attention of the whole section. All other seeds did well. The Potatoes, Cucumbers, and Melons came to my table for dinner today. I desire special mention, in more than a quarter-century's experience with experimental gardens, nothing in the way of seeds has ever caused me more, and it will do you as good a job as you can say it did. And my seeds are guaranteed by me

Prof. W. H. Morse, Agric. Chemist.

A gem among radishes. It has won golden opinions in all sections of the country. The illustration is perfect from nature, and will give some idea of its greatest beauty. It is absolutely the earliest radish in cultivation; their shape is perfectly globular, with rich, deep scarlet top; very desirable for the market or home garden. My sales of this famous variety double every year. No other radish can compare with it for earliness, tenderness, and delicious quality. Plant to other for my own table.

Packet 10 cts. 3 for 25 cts.

THE PEOPLE'S FAVORITE, FRAGRANT FLOWER.

My famous gilt edge mixture contains all of Eckford's finest hybrids and many others—over 100 in all. They are the very best quality, largest size, brightest colors, and deliciously fragrant. Plant quantities of these lovely flowers for your own use, and to give away. Cut them with a good hand. Their presence will bring pleasure in the sick room, and adorn your friends and your vines, and make the happy, hungry children, who have no pretty flowers of their own, very early, in extremely rich gardens. You will have enormous quantities of the largest blossoms.

Extra Large Packet, 10 cts. 3 for 25 cts.

The Witchery of Picture Making.

What can be more interesting than a good Camera? You can take life-like pictures of all your friends, of your buildings, stock and pets; of all the beautiful scenery about you such as lakes, woods, rocks, streams, bridges, etc., etc. Any one can take pictures. No excursion is complete without a Camera. Do not overlook my Camera Premium. It is a bargain.

Always be True to Your Conscience—it is Invincible.

Your Well Wishes, A. T. COOK.
Ciant Pascal Celery.
This is without doubt the best general purpose celery ever introduced. It is everywhere a success. The stalks are remarkably large thick and solid: entirely stringless with a golden heart, very crisp and brittle, rich, nutty flavor. It blanches very easily and quickly, requiring but little earth ing up; a most vigorous grower—succeeding well under almost all conditions. It seldom rusts or rots and is most excellent for shipping. Every market and private gardener should grow it largely. Celery and Celery Plants are money crops. Almost incredible profits are often realized from a small piece of land. Plant the Ciant Pascal and White Plume and your success will be sure. Selected seed per pkt. 10c. 3 for 25c.

Plucking, Cultivating, and Storing Celery for Winter.
A concise treatise plainly telling the best methods of managing this important vegetable—sent free if requested to all who order two or more packets of Celery seed.

The Faxon Squash.
This new and distinct variety is very early, of medium size, unusually productive, and of the best possible quality. They cook dry, sweet and when either ripe or green—are an excellent keeper, thus supplying the table with this delicacy during three seasons—summer, fall and winter. Some Faxons are pale yellow, while others are green, mottled, etc., in fact it is a curious admixture of many sizes, shapes and colors. This is a characteristic of the squash. The flesh is deep orange, cavity small. Nothing exceeds it for pies. I consider the Faxon decidedly the best of all squash. Many who never could eat squashes before consider them delicious. Don't miss the Faxon. It can not be praised too highly. Every customer will thank me for advising them to try it. Pkt. 10 cts. 3 for 25c.

There's not a tint that paints the rose,
Or decks the lily fair,
Or streaks the banished flower that grows,
But God has placed it there.

O Dear! O Dear! we did not plant Cook's seeds this year and what a drefful looking garden we have got. We might have known better than to buy C. Cook's seeds anyway. We will not buy C. Cook's seeds any more, for his seeds are always good.

Colorado Preserving Citron.
This is quite distinct from the ordinary citron, the seeds being a light green color. It is immensely productive: one vine produced 25 fine melons, weighing from 10 to 30 lbs. each. The flesh is very firm and solid with few seeds, and makes beautiful, clear, transparent preserves of surpassingly fine flavor. Pkt. 5 cts.

Early Snowball Cauliflower.
The earliest, the surest header, the best and most profiable of all cauliflowers. It is hardy necessary to describe this variety at all, as its name has become a household word wherever this delicious vegetable is grown. Snowball cauliflowers are the standard everywhere for superb quality and prolific, and is rapidly driving out the inferior sorts for full use. Cauliflowers are easily raised and every family should grow a supply. My seed is American grown and very choice. Packet 15 cts. 2 for 25 cts.

New Palmetto Asparagus.
BEST IN THE WORLD
This new variety is the finest ever cultivated in this country. After six years' trial in nearly all sections, it is pronounced by all to be far in advance of others. Growing side by side with Conover's Colossal, under exactly the same treatment the Palmetto proves to be at least a week earlier, the stalks are heavier, thicker, and of finer flavor. It is remarkably tender, rich and buttery when cooked, and very free from any tough and woody fiber. Every family should have a supply of this healthful and delicious vegetable, and I am sure all would, if it were known how easily and quickly it is grown. My seed is genuine Palmetto, pure and true. Cultural directions on every packet. Large Packet 10 cts. 3 for 25 cts.

PLANT FLOWERS.
Plant flowers carefully, from house to the roadside, and you can make every passer by pause with delight. You can pick them for bouquets or entwine in your tresses. And beauty home from morning till night.

Giant Imperial
Japanese Morning Glories.

The greatest novelty of recent years. One hundred varieties and colors. The surpassing charm of these Imperial Japanese Morning Glories lies in the enthralling beauty, gigantic size, and vast number of the flowers; they measure from four to six inches across. The colors, shades of these flowers are limitless, and are really wonders of nature, of such incomparable beauty that descriptions are inadequate.

Some flowers are of deep rich velvet; others more daintily tinted, and a third with some combination of more than an artist's brush could contrive. Nothing introduced has ever created a greater sensation than these rapid-growing free-flowering vines. They are without question the handsomest of a hardy, some family.

My seed is very choice and carefully selected. Pkt. 10 cts.

Perfection Camera Free for a $6.00 Order.
A Most Astonishing Bargain—No One Should Overlook It.

Never before has such a large, high grade, practical Camera been offered on such easy terms. It is a superb instrument, and exactly the same as used by Professional Photographers for the highest class of work. It is just the right size, and takes beautiful, clear, sharp pictures 4 x 5 inches.

It is very simple, very strong and very durable—nothing to get out of order. It is elegantly finished in beautiful sealing wax—capable of handling the Lenses are achromatic of the HIGHEST GRADE, very expensive, made of both crown and optical flint glass, and set for UNIVERSAL FOCUS—a feature of the greatest value, as it always brings everything in the picture both far and near SHARP, DISTINCT and CLEAR. No cheap camera can use this lens, and many costing $10.00 to $20.00 have much inferior ones.

The shutter is simple and practical, and is for both time and snap-shot exposures. The view finder is important and shows you exactly what will show in your picture. Camera uses glass plates, which are best and easiest to handle. Capacity three double plate holders, (six plates.)

Remember this Camera is high grade, and will turn out ABSOLUTELY PERFECT work. It is fully guaranteed in every respect. Its size 4 x 5 x 7 inches. Dealers sell Cameras inferior to this for more than I ask for seeds and premium both. I send every Camera 1 Double Plate Holder and Complete Instructions in Photography—a large, valuable book, with everything so plain that even if you have never taken a picture you can make good photographs from the start.

This Instruction Book is by a Practical Teacher in Photography with 15 years experience. It answers all your questions. Tells you all the secrets, solves all your difficulties, and makes photography easy. It gives dozens of receipts, tells you how to make developers and solutions, tells you how to avoid all troubles, how to make money in Photography, and a hundred other things, all plain and simple. It is a Book worth many dollars to any one.

I GIVE the above superb Camera, with double Plate Holder and Instruction Book, free for a $6.00 order for anything in my catalog; all sent by mail promptly and prepaid. You never saw such a bargain. I want 10,000 customers to obtain it, and I especially request that you show it to your friends.

Same style Camera, larger size, taking pictures 4 x 5 inches, Plate Holder and Book, free for a $5.50 order.

MAMMOTH MELTING SUGAR PEAS — Most Delicious of All.

Rightly named. The sweet, brittle, succulent pods are cooked same as string or snap beans —pods and peas eaten together. A “dish fit for a king.” Exceeds all other Sugar Peas in size, tenderness and sweetness of pods, and delicious flavor. These luscious peas are too little known. Every one should grow them.

Deliciously Rich, Tender, Prodigiously Prolific.

They contain so much sugar, starch, and gluten, making them most nutritious. Height of vines 4½ feet, bearing their immense pods in the greatest profusion. Every garden should have a liberal supply of this superior vegetable. Peas are very scarce this year, but I have a splendid stock, as well as of all other seeds. Remember I send EVERYTHING by mail PREPAID and guarantee safe arrival.

Per Packet 10 cts., 3 for 25 cts.

NEW EARLY WHITE VELVET OKRA.

Okra is a fashionable Southern vegetable, of the easiest growth, and matures first season even in the extreme north. Pods are used when young and tender, are excellent for soups, stews, etc., and really delicious when pickled.

The White Velvet is best of all Okras, very early and distinct. The pods are round, smooth, and much larger than any other. Why not try Okra this year? You will surely like this splendid new variety. It is one of the good things no one should do without. Packet 3 cts.

NEW EARLY TREE TOMATO.

I think this more nearly resembles a tree than any other. I stand up like a tree, with a stiff, vigorous upright stalk —with fruit well up above the ground. Bears very abundant ly. fruit good size, smooth, bright red color.

Most Valuable Of All Peppers.

This Cut Only One-third Size.
